

Crew Management Center is now offering options on how you are contacted for work.

We will be offering to accept calls to work through CrewLife.

You will be notified via Text Message.

To subscribe to text messaging, log into CrewLife.

Under the 'My Work' menu item, select 'Crew Calls'.

Enter your SmartPhone cell phone number.

MUST Hit Save.

You are now subscribed.

A single text message will be sent IN ADDITION TO the IVR call.

The IVR will still call your primary, secondary and then after 10 minutes, call your primary number again.

Action taken through the text message or IVR call will cancel the other notification.

To unsubscribe, simply uncheck the box on the Crew Call screen and hit save.

This is providing options and is not mandatory.

There will be NO CHANGES to the IVR functionality.

A presentation with further detail has been sent to your General Chairmen and should be given to you by your respective Local Chairmen.
