Gentlemen

With the recent furloughs taking place I wanted to pass on the following information to all of you concerning our members being permitted to qualify at the next closest supply point to the one they are currently working at and being paid to qualify there per the CQ Agreement instead on being furloughed or being placed on a Furlough Retention Board.

Our members are entitled to be paid Code 17 to qualify at the next closest supply point they can hold a position at. **They should NOT make a voluntary seniority move, if they do they will be required to qualify without pay.** Please instruct your members wishing to qualify at the next closest supply point to contact Eric Osborn (Willard East) at (904-332-3741), Roberto Bradford (Willard West) at (904-332-3642), or Bill Edwards at (904-332-3671) to request they be allowed to make a seniority move to the next closest supply point to qualify.

They should also contact the Trainmaster at the next closest supply point they are interested in qualifying at.

I have attached a copy of the CQ Training Agreement for your reference and file.

*Fraternally,***Steve Mavity****General Chairman – UTU B&O General Committee**
